

DSPT-19

BATTERY POWERED SEALLESS PLASTIC STRAPPING TOOL FOR 0.75 INCH POLYESTER STRAP

The DuBose Strapping Model DSPT-19 Battery Powered Strapping Tool is a lightweight but powerful tool designed to apply 0.75 inch PET Polyester strapping in a variety of industrial applications such as brick, wood, fiber and steel industries. The requirement for the use of steel strapping in numerous applications can be eliminated using the DSPT-19 in combination with DuBose high quality Polyester strapping.

FEATURES

- DESIGNED FOR MAXIMUM COMFORT, EFFICIENCY, SAFETY, AND EASE OF USE
- COMPACT AND LIGHTWEIGHT
- 0.75 INCH / 0.050 PET STRAP CAPACITY
- HIGH APPLIED STRAP TENSION
- TWO MAKITA 14.4 V / 3.0AH LITHIUM-ION BATTERY PACKS AND CHARGER INCLUDED
- LONG BATTERY LIFE AND RAPID CHARGE TIME
- DEWALT MOTORS WITH REPLACEABLE BRUSHES
- ONE BUTTON RAPID TENSIONING
- TENSION LEVEL AND WELD TIME FULLY PROGRAMABLE FOR CONSISTENT PACKAGING RESULTS

SPECIFICATIONS

| | |
|-------------------------|--|
| Package type | Flat and round surfaces (min. diam.—28inch) |
| Strap quality | PET |
| Strap width | 0.75 inch |
| Strap thickness | 0.031 inch to - 0.050 inch |
| Maximum. Tension | Approximately 900 Lbs./Force dependent on the strap quality |
| Minimum Tension | 215 lbs./Force |
| Max. Tensioning speed | Approximately 40 ft./min |
| Joint | Friction weld seal with approximately 75% average joint strength dependent on strap quality |
| Battery | Makita Lithium-Ion 14.4 VDC / 3.0 Ah |
| Charger | Makita 120 VAC |
| Strap Cycles per charge | Approximately 200 dependent upon strap Type, welding and tension settings |
| Battery Charge Time | 20 minutes |
| Weight | Approximately 9 Lbs. including battery |
| Width | 5.125 inches |
| Length | 13.75 inches |
| Height | 6.5 inches |
| DSPT-19 | Order Item Number: 13501 |

OPTIONAL ITEMS

- STEEL PROTECTION PLATE FOR USE ON BRICK AND ROUGH SURFACES
- RUBBER HOUSING PROTECTOR
